10

things i love

Amgad Kamel is one of Australia's top interior designers and architects. Known for his unique, sophisticated designs and trademark designer glasses, Amgad shares with us his top 10 favourite things

Produced by Kate St James, FDIA

1 My PINK GLASSES are a very eye-catching accessory. I just love the colour combination and the looks I get whenever I wear them **2 VERSACE EROS COLOGNE**, a birthday present from my wife, smells musky, woody and makes me feel very masculine **3 MOISSONNIER FRENCH FURNITURE** is hand-carved to create the most exceptional pieces. It took six months to have this chest of drawers made for my client **4 My clients must have HERMES BLANKETS**. They are iconic, simple designs and show-off pieces with designers. "If you have it, you've got style." **5 COOKING AT HOME** — especially sushi and risotto — is my second passion after interior design and architecture. It's my chill out time **6 My NAFIR PENDANT BY KARIM RASHID**, a brilliant modern-era designer. I love its fluid shape and design simplicity; it's very eye-catching **7 Almost all of SALVADOR DALI'S ARTWORK**; it's so unique, imaginative, colourful and striking — he's my favourite artist **8 DESIGN BOOKS** are my source of inspiration besides travelling. Seeing and reading the philosophies behind the designs enriches my imagination **9 My vibrant POCKET-HANDKERCHIEF COLLECTION**. For the fashion conscious they are a must, adding elegance, style and the finishing touch to any man who loves to dress **10 My GUCCI WATCH** is an iconic 2005 limited-edition design. It is sophisticated with rich materials — the way I like my interior work to be
